

The 2014 DCAMM Annual Seminar Speaker

GertJan van Heijst

Professor
Department of Physics
Eindhoven University of Technology
The Netherlands

gives the following lecture at the

Technical University of Denmark

Meeting Room 1, Building 101, Kgs. Lyngby

The behavior of vortex structures near solid obstacles

Monday, December 8, at 14:00

There will be an open discussion after the lecture
at 15:00
(Refreshments are served)

This lecture aims at popularizing mechanical science to a broad audience of interested students and staff as well as engineers working in industry

The Danish Centre for Applied Mathematics and Mechanics, DCAMM, is a framework for internationally oriented scientific collaboration between staff members at a number of departments at the Technical University of Denmark, Aalborg University, Aarhus University and University of Southern Denmark. The "DCAMM Annual Seminar Speaker" is an initiative created to disseminate mechanics to a broader audience. For further information on DCAMM, see www.dcammm.dk
